Positioning Statement

Liquid BioCell® Life combines the multi-patented power of Collagen/HA Matrix® Technology with the added benefits of 13 potent, phytonutrient-rich superfoods and resveratrol, which are infused into a unique liquid delivery system that provides fast absorption and results. Visible signs of aging and joint discomfort can be a result of natural wear and tear of connective tissue, where both collagen and hyaluronic acid (HA) are essential. Liquid BioCell® replenishes these important substances and is clinically shown to work. Liquid BioCell® is so remarkable that it has been awarded 7 U.S. and international patents and multiple industry awards. It has been featured on NBC, Good Morning America and Fox News.*
